

## **Year 5 Autumn Term 1<sup>st</sup> half Topic Home Learning**

- 1. Draw a map of the setting from a story, computer game or an imaginary planet! Create a key to show the main landmarks.**
- 2. Make a 3D model of our solar system.**
- 3. Write a mnemonic to help you remember the order of the planets from the sun.**
- 4. Write a diary account of a day on Earth without gravity!**
- 5. Imagine you have discovered a new planet. Give it a name and create a piece of artwork to show what it is like.**
- 6. Create a holiday brochure for visiting one of the planets in our solar system. You could include things like; the weather, the terrain, things to take with you, how to get there.**
- 7. Create a quiz about a map that gets people to use compass directions and grid references.**
- 8. Research what physical geographic features can be found on other planets e.g. volcanos and rivers.**
- 9. Create a quiz about the capital cities around the world.**
- 10. Surprise your teacher! Complete a piece of work of your own choice about space or map reading.**
