LO: To describe the scene on the  
streets of Paris.

Let's remind ourselves of our guess who game.  
Who can use expanded noun phrase to describe people?

We now to get ready quite quickly for Zeraffe's arrival.

You're going to have 10 minutes to quickly prepare some bunting so we can decorate the classroom ready for her arrival!

You'll have a bit of bunting each, some string for your table and blu-tac.

Ready....

She's finally here! The day has come!

Where did we leave our writing off yesterday?

Let's continue that together. Who can we see?  
What are they doing?

Once we have added that bit on together it's  
back over to you so you can continue yours.
