L.O: To use ambitious and exciting verbs

Let's start with our freeze game from yesterday.

Now I'm going to show you a picture from our book. However, I've covered up some parts so that it doesn't give it away!

Looking at the picture and characters, I want you to think of as many verbs that you can see happening as possible.

Who can remind me what a verb is?

You are now going to have 10 minutes to have a go at the verb challenge. Looking at the picture can you find a verb for every letter of the alphabet?

Thesauruses will be out to help you too. I'll show you how to use them.

Now let's see what you have come up with.  
I'll write our own one on the board.

Next we are going to play a game of Guess who.

We will use the words we have been thinking of from the last few days.

Can you find the person I'm describing here...

I can see a tall, elegantly dressed man with a red coat and top hat gazing intently.

I can see a young boy, holding onto his mother and smiling happily.

Now you have a go with your partner.

Can I now hear some of yours? Let's see if someone else can guess!

Have you used some great vocabulary?
