

Arithmetic and Reasoning Homework 9

All pupils to complete the first 5 questions.

1	$9 - 4 =$	

2	$3 + 6 + 7 =$	

3	$17 - 5 =$	

4	$8 \times 2 =$	

5	$90 - 20 =$	

16	Anna has 24 sweets and Michael has 37 sweets. How many sweets do they have altogether?
17	Peter has £132. David has £261. How much more money does David have than Peter?
18	Arandeep has £237 in his bank account. He puts another £74 into the account. How much money is in the account now?
19	There are 341 people on a train. At the station, 128 people get off. How many people are on the train now?
20	<p>Circle the calculation, which has the answer closest to 500:</p> $501 + 175 = \quad 265 + 190 =$ $279 + 30 = \quad 351 + 150 =$

Answers

1. 5
2. 16
3. 12
4. 16
5. 70
6. 22
7. 24
8. 28
9. 120
10. 9
11. 579
12. 184
13. 7
14. 655
15. 558
16. 61 *sweets*
17. £129
18. £311
19. 213
20. 351 + 150
